

WHAT TO DO IN JŪRMALA

Jūrmala

DISCOVER THE DIVERSITY OF JURMALA'S BEACHES

Jurmala's 24 km sandy beach is one of the most valuable things the town has to offer. Throughout its length, the beach offers ways to hide from the crowd, to relax in charming cafes, to play volleyball, to ride a jet ski, and, of course, to see Jurmala's trademark sunset. You can take a well-lit path along the beach between Dzintari and Majori on a night time walk.

ENJOY MUSIC AT THE DZINTARI CONCERT HALL

The Dzintari Concert Hall is one of the town's most important cultural venues, it is a true pearl of the Baltic shores! During the day, its unusual architecture is a pleasant sight, while at night, the hall offers various concerts and impresses with its excellent acoustics. The genres include classical music, jazz, pop and others.

Turaidas iela 1, Dzintari, www.dzintarukonzertzale.lv

LOOK FOR ADVENTURE IN THE DZINTARI FOREST PARK

Playgrounds for children of different ages, walking and roller-skating paths, a skate park, streetball court, cafes and a free car park! The park's landmark is its 33.5 m tall observation tower that provides an unforgettable view of Jūrmala and the Baltic Sea over the tops of the pine trees. Starting from May 1, the most active visitors will be welcome at the adventure park "Tarzāns" with obstacle routes of five different complexity levels installed in the trees.

Lazdonas iela, Dzintari, www.tarzans.lv/jurmala

VISIT THE UNUSUAL RAGAKĀPA NATURE PARK

A special protected area with convenient footpaths has been created around Ragakāpa, one of Latvia's tallest dunes, to preserve the diversity of life at the sea shore and in the dunes grown over by an ancient pine forest. Take an unforgettable walk and discover this nature park!

WALK AROUND THE ĶEMERI NATIONAL PARK

MELNALKŠŅU BOG PLANKED FOOTWAY

This 600 m long footpath starts at the park's information centre "Meža māja". There is a playground at its start, and the historical Ķemeri resort park with its interesting early 20th century houses, churches, bridges and other outdoor structures along the way. The "Ķirzacīņa" sulphurous mineral water spring is worth noting as well.

SLOKAS LAKE PATH AND BIRD WATCHING TOWER

The path begins and ends at Slokas lake. There is a car park, a picnic area, and a "floating" 7 m tall bird watching tower. There are also swings and various exercise equipment along the route.

LŪŽŅU POND SPRING

One of the most abundant sulphurous springs in the area! A route of about 3 km to the spring starts at the "Meža māja" information centre. This footpath is popular among bird watchers, because the beaver pond that is along the route is one of the best places to watch birds in the area.

LONG ĶEMERI MARSH PLANKED FOOTWAY

The long planked footway in the marsh is the most popular site to visit in the Ķemeri National Park, offering a look at a raised bog untouched by human activity, and see unusual natural sights. The long circular route along the footway is 3.4 km, and the short one is 1.4 km.
